

## **THE ADVENTURES OF NON**

*by Chris Kalnick*

A new feature of our periodic Bulletins will be the comic strip, "The Adventures of Non," by Chris Kalnick. It will be an on-going series chronicling the exploits of Non, as he/she/it investigates the human experience on physical earth. Chris says a lot will be covered in the strip, but its primary purpose is to enable us to laugh at ourselves as we attempt to discover "what life is all about" and evolve beyond our current condition.

Chris is a illustrator/writer/cartoonist currently working in the comic book industry. He recently began setting up DAYBREAK STUDIOS—an art studio dedicated to the expanding field of human consciousness. One of the goals of the studio is to show the arts of sequential, illustrative story-telling and cartooning as excellent and entertaining media of communication, expression, and the teaching-learning process—that can be taken far beyond their current usage in today's society. Thanks for sharing your talents with us, Chris.
